EDITORIAL TEAM MESSAGE

Welcome to B-Hive, the annual magazine by Arista, the Student Club of the Department of BMS, which made its debut in 2011. As we head into the 11th year of this newsletter by the Department of BMS, we would like to give our readers a glimpse, as always, into the range of remarkable events and activities undertaken by our students over the course of this academic year.

Despite the constraints faced due to the resurgence of the pandemic yet again, after a brief stint offline, the students were forced to shift online, but this did not deter them from putting up a fabulous show throughout the year. This edition of B-Hive aims to take the reader on a journey through various events, webinars, competitions, bootcamps, and learning experiences organized by the Department to make the young women of today powerful and self-reliant individuals.

We would like to thank the faculty of BMS for providing us with the excellent opportunity to convey a very powerful message to our readers through the 11th edition of B-Hive— 'The empowerment of women'. Our budding entrepreneurs and student-led initiatives demonstrate the sheer volume of power women carry—they simply need the opportunity to rightfully showcase their talents and exceed all societal expectations.

We hope that this edition will help readers perceive the way the Department of BMS prioritizes a holistic learning experience, that involves the right combination of practical learning and real-life examples. We hope that the several achievements and contributions of students through competitions and various extra-curricular activities continue to inspire others to achieve their dreams and unlock their full potential, making their parents and the Department alike immensely proud of their accomplishments.

PRINCIPAL'S MESSAGE

It's the solid support and timely guidance offered by Ms. Mahnoor, Mrs. Augustina, and Ms. Angelina, the ever-supportive BMS faculty members, who collaborate to ideate and organise events that make the BMS experience rich and positive. Hugely appreciate the efforts of the editorial team of the B-Hive magazine and the dynamism of Team ARISTA to keep it going. God bless you in all your endeavors. This is my sincere prayer and wish for you today and always. All the best!

Dr. Sr. SANDRA HORTA

DEAN'S MESSAGE

DR. MALLIKA SHETTY
DEAN ACADEMICS & HOD
BMS

St. Francis College has one of the most liveliest campuses in the city. Student Clubs from various departments continuously engage students in various activities and competitions. Arista, with its legacy of fun-filled and highly competitive events yet again put together a number of activities as we moved from online to offline classes. The management proudly commends Team Arista led by the faculty, for turning challenges into opportunities and bringing so many events to life. As the team gears up for its annual flagship event, Crescentia, wishing the entire team the best of luck.

DEPARTMENT MESSAGE

The B Hive is our treasure trove of memories. A record diligently put together by the Editorial Team, letting us live through our experiences. We commend this year's team ably led by the faculty member, Ms. Gabriella Angelina for all their efforts. As we slowly inch back to full-blown campus life, we wish the outgoing batch of 2022 a wonderful, bright, and adventurous future.

EVENTS OF THE YEAR

August 15, 2021

Long years ago, we made a tryst with destiny, and now the time comes when we shall redeem our pledge, not wholly or in full measure, but very substantially. At the stroke of the midnight hour, when the world sleeps, India will awake to life and freedom.’ Late Prime Minister Jawaharlal Nehru declared independence with these words as the tricolor fluttered, 75 years ago on 15th August, 1947. Every year on this day, Indians all over the world celebrate the day that commemorates

the end of 190 years of British rule in India. For any country, its Independence Day is not only a day to rejoice in the glory of its achievements, but also a day to remember the contributions, battles, and sacrifices of those people who helped achieve it. As a part of India’s 75th Independence Day Celebrations, students belonging to the Department of BMS participated in the festivities held at the college to display their enthusiasm for this historical day. A cultural program was performed by the

the choir and COFEE Club. This was followed by a dance performance prepared by the students of BMS-II, including T B Dhvani, G Tejaswi, Samyukta Kasibhatla, Kavya, Priyanshi Dabral, Shivani A, Sahiti Yadav, Shruthi J, and Shagun Thota. The emcee for the program was Aishani Bhangay, a student of BMS-II. The event concluded with the Principal and Chief Guest addressing the gathering, inspiring them with their words, and instilling the spirit of patriotism in their hearts.

YUVAFLARE

YUVA IDOL

.....

The Arista Club of the Department of BMS came together to host the singing competition Yuva Idol, under the umbrella of the college's annual cultural fest, Yuvaflare on 20th October, 2021 wherein participants across the nation got an opportunity to showcase the musician within them. It consisted of 16 participants, judged by Mr. Zubin Gibson, conductor of The Tabernacles, and Mr. Junaid Kumar, professional vocalist, music producer, and composer.

The competition, which consisted of three rounds, allowed multiple students to showcase their brilliant musical gifts. The prelim round consisted of video entries given by registered participants. The first round 'Sing It Then Wing It' was a pre-recorded round that was telecasted live wherein participants had to send across a video of them singing a song or a medley of songs of their choice followed by the last thirty seconds of our national anthem.

The final round 'Beyond the Voice', tested the ability of the singers to come up with and perform at least 4 songs that contained the word assigned to them. This round was performed live and was a huge success.

PAPER PRESENTATION

In order to provide undergraduate students with an opportunity to publish their research papers, the Department of BMS through Yuvaflare had invited submissions for research papers in line with the theme “Reimagining the Workplace - A Post Pandemic Perspective”.

Participants were invited as individuals or in groups of 2 or 3 students, and the word limit for the paper was set to 3500 words. They had the freedom to choose the format of their liking, from among articles, case studies, and empirical research. The key criteria of the competition were originality, uniqueness, and creativity.

Students were required to send in their research paper drafts followed by a presentation on the day of the competition, 20th October, 2021. It was concluded by a question and answer round with the judges. The judges for the event were Dr. Mallika Shetty, the Dean of Academics, Head of Department - BMS, and Dr. Malliswari Mallingi, former Dean of Academics of the Department of Commerce.

Six teams participated in the competition with Team 2 emerging victorious as the "Best Paper Draft", and Team 1 winning the title for the "Best Paper Presentation".

The event was a phenomenal success and the judges were thoroughly impressed by each team's performance, drive and confidence.

BOOTCAMP PRIMER

The Marketing Bootcamp was conducted online on 14th September 2021 for the students of BMS-I. Aimed at challenging students to develop professional skills and practical knowledge using a combination of presentations, case studies, and different marketing strategies, it tested their ability to work effectively and efficiently in teams of three, implement creativity and innovativeness, and work on different marketing challenges presented to them throughout the competition. It consisted of a prelim, followed by three rounds that thoroughly engaged the participants- Attenuate, Task 1, Hard Sell and Kiribati. Team 4 (Sri Sowmya, Divya Agarwal, and Manogna Mandadi) emerged as winners of the Marketing portfolio.

FINANCE

The Finance Bootcamp was conducted online on 16th September 2021 for the students of BMS-I. An innovative and interesting competition, it allowed candidates

to put their knowledge to an exposure financial Competitions variety of

theoretical test and get to real-world operations. included a tasks ranging

from objective tests to judged presentations where students participated in teams of two members each. This helped familiarize them with key concepts and tested their core finance skills. The competition consisted of two prelims, followed by three challenging rounds - Costa and Quizzically Challenged, Auction and Turncoat & Aquisitio. Aditi J and Jessa Bhansali emerged as the winners of the Finance portfolio.

The Business Quiz Bootcamp, organized on 13th September 2021 for the students of BMS-I took place from 9 AM to 11 AM.

Aimed at testing the knowledge and business acumen of the students, the event was extremely successful with participants giving tough competition to their opponents. It consisted of three rounds that effectively captivated the interest of the participants - Logo In-Quiz-Ition, Trivia Problem, and Victorious Secrets. Shriya Reddy emerged victorious in this portfolio.

BUSINESS QUIZ

BEST MANAGER

"Handling complexities and uncertainties is the very essence of a manager's job. Only that individual who deals with this uncertainty without any inefficiencies will emerge as the BEST manager." The Best

Manager portfolio was a simulation of these uncertain and volatile events. It was conducted on 17th September, 2021. The participants were tested on their skills through one prelim

round and four other rounds- Chiaroscuro, Liqa, The Supreme Connection, Archipalego and the ultimate stress round "The Fashion Fiasco". Ankitha Kumari Jha emerged victorious in this portfolio.

ENTREPRENEURSHIP DEVELOPMENT

The Entrepreneurship Development Bootcamp, organized on 13th September 2021 for the students of BMS-I, took place from 11 AM to 5 PM. Aimed at testing their entrepreneurial skills and the capability of drafting innovative projects, it tested their capacity to work efficiently in teams of three and communicate

their ambitious business plans and proposals effectively. The event consisted of a prelim, followed by four rounds - The Future is Green, Pitch Your Idea, Faaltu Merger, Win-Win or Hardball, and Rising From the Ashes. All the rounds were highly engaging and interactive. The event was concluded with Team 4 (Ananya, Rithika, Yashvi, and Paridhi) and Team 5 (Shriya, Purvi, and Ankita) emerging as winners.

HUMAN RESOURCES

The Human Resources Bootcamp was organized on 15th September 2021 for the students of BMS-I. Aimed at testing their presenting, interviewing, negotiating, and analytical skills, it assessed their ability to gauge and evaluate risks, manage problems effectively and stay calm under stressful situations. The competition consisted of a prelim, followed by four rounds that were highly interactive and engaging - Data privacy, Task 1, Plan the Action, and Stress Round. It concluded with Team 5, consisting of Divya Agarwal, Janya Talwar, and Ankita Kumari Jha emerging as the winners.

WORLD MANAGER'S DAY

In the words of Henry Mintzberg, "Management is, above all, a practice where art, science, and craft meet." To honor the managers within oneself and the ones around us, the Arista Club came together to organize a special event for World Manager's Day, which is celebrated annually on the third Friday of September.

The event consisted of various elements, including an interview, a presentation as well as an assembly conducted on the 17th of September, 2021. The celebrations began with Pooja Agarwal, a student from BMS- III interviewing Mr. Ritesh Chatterjee, Chief Distribution Officer of Bharat Financial Inclusion Limited who specializes in micro leading, quality control, and monitoring. Next, a presentation was given by Shivani A., a student of BMS-II on the various functional areas of management. The interview and the presentation were pre-recorded and were uploaded on the YouTube channel of St. Francis College for Women.

"Management is, above all, a practice where art, science, and craft meet"
- Henry Mintzberg.

On World Manager's Day, 17th September 2021, the special assembly began with a reading of the Holy Bible and prayer by Myrtle Jennifer, BMS- I, followed by a melodious rendition of the college prayer by the choir. Rama Ravi, President of the Arista Club, addressed the gathering emphasizing the significance of the day. The proceedings were then taken forward by three students who highlighted various management lessons from our sacred texts and concluded with a role-play that showcased the different roles managers play in their daily lives and was a tribute to every manager.

To do great things is difficult; but to command great things is even more difficult. Such is the job that a manager performs on a daily basis. World Manager's Day is an ode to the hard work and effort put in by every manager to reach the heights of success. As a part of the celebrations for this day, the Arista Club organized a series of events that gave an insight into the thought process and day-to-day life of a manager as well as the complexities of management.

«INGENIUM»

In the words of Alice Paul, 'There will never be a new world order until women are a part of it.' In the spirit of empowering women and helping students sharpen their skills through a multidisciplinary approach, Ingenium 2022, held virtually on 11th February was successfully inaugurated in the presence of the Principal Dr. Sister Sandra Horta, Dean of Academics and HoD Dr. Malika Shetty, and the faculty members of the Department of BMS. As an event consisting of fun, challenges, and an immense amount of learning, Ingenium was organized between 9:00 AM and 5:00 PM for the students of St. Francis College for Women across its diverse streams, who participated in teams of two each. Ingenium consisted of three separate events, each an amalgamation of two portfolios belonging to Arista, the student club of the Department of BMS. Focused on evaluating creativity, entrepreneurial drive, and business acumen, Athena was a mixture of marketing and entrepreneurship. Moneta tested the financial expertise and corporate knowledge of participants, and Odysseus, aimed at crowning the best player victorious, assessed a variety of skills encompassing the role of an efficient manager while focusing on their human resource management skills in particular. The event concluded with the following participants emerging victorious: Athena: Shreya Pamidipati and Vedika Bagdi, Moneta: Sai Priya Gudipudi and Archisha Chinta, Odysseus: Diva Ranka and TB Dhvani.

EDGE TALKS

Edge Talks is a panel discussion aimed at hosting creative and ambitious entrepreneurs as speakers, to educate aspiring entrepreneurs and budding businesswomen from among our students, in order to share knowledge and each other's experiences in the field, and to help improve the business acumen of women. It consisted of six panellists belonging to four different start-ups, each one from a diverse range of sectors, from Fashion Designing, Event Management and Digital Marketing, to a Non-Profit Organization revolutionizing the

26TH FEBRUARY, 2022 10AM TO 2PM GEROA HALL

EdTech Industry. The panellists were involved in some of the finest management practices and were successful in inspiring students with their advice, suggestions, and experiences. Faculty member Ms. Mahnoor Sahrash, Assistant Professor, Department of BMS was the moderator for this interactive and engaging event conducted from 10 AM to 2 PM on 26th February, 2022

This was the first offline event organized by Club Arista, owing to immense uncertainty during the pandemic. It involved esteemed speakers from various start-ups in diverse sectors sharing their valuable words and experiences with the students across the three years of BMS and providing students with useful insights into some of the most exciting and challenging sectors in today's business environment. It was an extremely interactive and informative event.

GUEST LECTURES

WEBINAR ON INDIAN STOCK MARKET

A webinar was conducted for the students of BMS-III on the topic “Understanding the Indian Stock Market” on 11th August, 2021. The speaker, Ms. Pooja Khemka, Senior Manager in Corporate Finance, DE Shaw India, threw light on the basics of the stock market and how investments must be made in the current market scenario. This session was an interactive attempt at introducing the students to the world of finance.

Over the past few years, a number of interesting and much-anticipated Initial Public Offers (IPOs) have come up, perhaps even more so in the past year. Ms. Khemka familiarised students with the IPO process, and discussed by means of a lively interaction what has worked, and what hasn't. By the end of the webinar, students were able to effectively distinguish between an IPO and a Direct Listing, and had a thorough understanding of IPO sizing, pricing, and market capitalization. They also gained practical insights on the valuation of IPOs.

Webinar on liquidation of companies

A webinar on Liquidation of Companies was organized by the Department of BMS on 30th September 2021 for the students of BMS-III. The speaker, Mr. G. Madhusudhan Rao, an IBBI Registered Insolvency Professional, FCA-India, Certified Forensic Auditor, ACS- India and ACA (ICAEW-UK),

attempted to equip the participants with essential skills to take informed financial decisions, and help familiarise them with the workings of the financial sector. He helped them understand the process of liquidation, how it is initiated and the types of liquidation, among various other things.

A highly interactive session, it saw active participation from students in the form of keen listening during the presentation and an engaging doubts session later on. It reflected the interest and enthusiasm of students in the topic at hand. Such webinars are organized by the department from time to time to improve the financial literacy of its students and empower them with skills necessary to be informed citizens in the future.

Life after BMS (Alumni Talk)

“Mentored learning is the act of grappling with complex topics in situations of uncertainty surrounded by people who know more than you do” - Randy Bass. The truth of the above quote has been ascertained during the Alumna Talk that has been conducted by the Department of BMS for the second year BMS students. The agenda of conducting this session was to harness the strengths of the alumni network of BMS and use them for the best interest of the present batches.

The first webinar was organized by the Department of BMS on 1st October 2021 for the students of BMS-II. The speaker was an alumnus from our college Ms. Rohini Purnima, the batch of 2016-19. She worked as a Talent Management consultant at DE Shaw and became vice president of marketing at AISEC Hyderabad. Currently, she's working as an Executive Assistant at McKinsey & Co.

It was a highly interactive session, saw active participation from the students. The session ended with a questionnaire session.

The students were left with one particular thought given by Rohini, “Keep an open mind. Don’t limit yourself or your options.”

Ms. Vyshali Tummala, the speaker of the second session, was a Franciscan who graduated in the year 2014 from college. She is a professional with 7+ years of experience in the Corporate consulting and startup space.

With a theme- “Cause, Connect and Community”- Ms. Vyshali described her growth while explaining the importance of connecting with the community. She reiterated the fact that we as students need to act socially while acknowledging our growth professionally and personally.

By vocalizing her failures, Ms. Vyshali Tummala has not only grappled with the taboo about failures but also inculcated a sense of belongingness in the audience. The entire session was a true inspiration for the entire class. It struck a chord with the audience and it surely will remain with them throughout.

FAREWELL (CLASS OF 2021)

The students of BMS-III organized a virtual farewell for their seniors, the Class of 2021 on 22nd August. The theme was 'Netflix and Thrill', and the outgoing batch displayed their enthusiasm for the event by dressing up as their favourite netflix character. Characterised by excitement and nostalgia, full of hopes and uncertainty of the future, the outgoing Class of 2021 said one final goodbye to the place they had cherished as their second home for the past three years.

The farewell, conducted online, started with a prayer, followed by a video montage of some of the best memories of the Class of 2021 during their time as a part of the St. Francis family. Then, they played some very exciting games, shared some joyous moments together as a class, spoke of their most memorable experiences, and recalled some of their best times in college. Jokes were thrown around, laughter elicited and memories cherished in this heart-warming display of emotions. The faculty of the Department of BMS also attended the event and congratulated each one of them for graduating, wishing them luck for all future endeavours.

Short Film (Interview)

"In the middle of difficulty lies opportunity."
— Albert Einstein. This was the essence that the students of BMS II tried to portray through the short film - "THE INTERVIEW". The Journey began as a simple effort to engage their classmates on the do's and don'ts of a job interview but it ended up being a great memory filled with lots of fun and laughs.

The video was presented virtually (G-meet) in BMS II during HRM class on the 7th of February, 2022 under the supervision of Ms. Gabriella Angelina. You can also find the video on the official Arista Instagram profile- @bms_arista

From scripting together, finding places to shoot, editing the video, and putting everything together, the students of BMS II (A.Jaya Shivani, K.Sumana Samyuktha, Yama Vasavi, Amatul Bar Zarfashan) went a long way to educate and have fun along with their classmates.

Collegepreneurs

ON A GOOD NOTE

By VEDA

Our very own student Veda from BMS 1 started her own business 'On A Good Note' which was created with Love kick and started about 4 months back along with

support of her father. When we asked Why is it On A Good Note? Veda quoted "When you gift a person something you do it out of love, compassion and happiness, so it's always gifting someone on a good note, that's how the name came up. So when someone thinks of doing something out of love or happiness, we wish they that we advance to their thoughts first. We have just started, like people say it takes time for good things to happen. It means a lot to have this opportunity to promote and talk about my small business. Thank you!"

They have an amazing wide range of hampers: seasonal hampers, festive hampers, colour themed hampers, flower bouquet hampers and in fact every hamper can be customized if you wish for it.

Here's to looking forward to watching our peer flourish and sending good luck and support her way.

RAABTA

By Manusha Gundala
& Khushi Bansal

Raabta is a apparel brand owned by two of our students from BMS II. It is an independent online store based in Hyderabad, India and is all about everyday wear and stylish pieces.

As quoted by Khushi and Manusha, “both of us were fashion students in our school and were very passionate towards it. We always wanted to do something in the same industry, so we came up with Raabta. It wasn’t a spontaneous idea, we worked on it for more than 4 months. Starting from the name, logo designing, choosing the right workers to help us, designing the garments, choosing the fabrics and finally ways in which we would handle our social accounts, nothing was easy but our love and passion towards fashion helped us in launching our own small business”

THRIFTING INDIA

By Amatul Bar Zarfashan

ThriftIndia is a virtual thrifting platform based in India. It is a small effort and contribution of a student towards a sustainable future. As quoted by Amatul, “by

opening this store, I aim to support local traders who have been hit hard due to the raging pandemic and give a second home to barely used items and normalize the idea of thrifting in India.” They sell both new and pre-loved items at reasonable prices. Every item is handpicked with love and they plan on giving back to the society by donating a part of their revenue towards charity!

CREATIVE TALES

By VASAVI YAMA

Creative tales is a small business owned by a student from BMS II, that sells handmade gifts and resin products. It provides gift hampers for all occasions that can be customized according to

customers' needs and requirements.

A few of the products sold by them are resin photo frames, resin bookmarks and keychains. They are planning on expanding the business in future by adding more products on @_creativetaless_. As quoted by Vasavi, "I was always interested in art and craft and that inspired me to explore more in this field and learn new things to expand the scope of my hobby. This made me turn my hobby into small Instagram based business." Here's to wishing our peer major success and sending good luck her way!

GRAPHOLOGY.HUB

By PALAK JAIN

Palak from BMS 2 started her own graphology and graphotherapy business and she believes that there is much that is lost deep within us but is exhibited on the paper in the nitty-gritty of how we write when we pick that pen. And our handwriting and Signature is the key to who we

are. As Palak quoted, "Signature plays a powerful role as it is something that represents us forever and no important work can be taken ahead without our signature. Your handwriting is influenced by you and you can be influenced by it." Here's to wishing our peer major success and sending good luck her way!

MLVJ LUXURY

By RITHIKA MALLAVAJJALA

MLVJ started by our very own student from BMS 1, is an all-online e-commerce store with a modern take on Gemstone Bracelets. As Rithika quoted, "Our motive to craft high-quality elegant semi-precious gemstone bracelets is now a success. Since we started our sales online in the year 2018, we have earned a reputation as one of the trustworthy brands to offer lightweight high-quality semi-precious Gemstone Bracelets."

Here's to wishing our peer major success and sending good luck her way!

THE HAND CRAFTED STORY

By G. AKSHAYA SUDHA

The hand crafted story, started by our own student from BMS 1 was inspired to to be an independent entrepreneur after joining the BMS course. With a lot of planning, efforts put in and with her friend's help to advertise she came up with a strategy to promote her business and make it a success.

As quoted by Akshaya, "On October 9, 2021, I started an Instagram page. I created a few sample illustrations that I've posted on my page. And after a few days, I received my first order from Tamil Nadu. I was overjoyed to earn money through my own efforts, and I soon began to receive orders."

Here's to wishing our peer major success and sending good luck her way!

1. Secured a Gold Medal for attaining the highest marks in Accounting for Managers and Management Accounting during the academic year 2021-2022.

Social Outreach

First Years

A social outreach program was organized by Ms. Augustina Alphonse on 23rd December 2021 at Navjeevan Orphanage for Girls, Boduppal from 1 pm to 3 pm for first-year students of BMS. The main purpose of this program was to interact and donate essentials to the orphanage. It was a memorable and fun-filled visit headed by Ms. Augustina and volunteered by her student, Neha Venkateswaran. They had a fun and joyous interaction with the children about their hobbies and engaged them in singing Christmas carols and dancing to movie songs. They spent a wonderful time with extremely talented children.

After the visit, there was satisfaction on the faces of the volunteers seeing the wide smiles on children's faces. Ms. Augustina and Neha are grateful to the orphanage for making this program memorable and successful.

Second Years

Happiness is only real when shared- Christopher McCandless.

And to make this happiness real, on 18th December 2021, the second-year BMS students visited the Helping Hands Foundation in Marredpally. The students of BMS II share a common belief that children don't deserve to suffer and hence they chose the above-mentioned organization for their social outreach program. The preparation for this program began two weeks prior to the date of the event. It began with the students contributing to the cause and could successfully raise a sum of Rs.16,650. While the event was filled with loads of fun and laughter, the students ensured that COVID precautions were not compromised. The day has been etched in the minds of the students and they are very grateful to the management for providing them with such an opportunity where they could create beautiful memories that would be cherished by them throughout their lives.

Third Years

On Saturday, December 11th, 2021 students from BMS 3 went to Auxilium Navajeevana Orphan Home as a part of their Social Outreach Program to spend time with the kids and teach them about general hygiene. The session began with a brief introduction, followed by an icebreaker game of musical chairs.

The students are extremely grateful for the opportunity provided to them by Dr. Sister Sandra. They learned the importance of practicing gratitude and helping others without any reason and giving without the expectation of receiving anything in return.

"We can do no great things, only small things with great love."
