GLEE - 2024

ANNUAL OUTREACH PROGRAM

Inspiring young scientists to create, explore and change the world

Spectrum's annual social outreach program GLEE - 2024, unites students from various schools to explore science exhibits made by college students. GLEE encourages kids' love for science and creativity, ignites their scientific curiosity, and helps them understand STEM advancements.

The poster for 'Spectrum Presents Sci-Trail An Open Day' features a warm, orange-toned background with a subtle pattern of light rays. At the top left is the St. Francis College for Women logo. The top center displays the college's name and address. To the right, it mentions 'Sustainable Development Goals' and 'SFC supports SDG'. The main title 'SCI - TRAIL' is in large, bold, blue letters, with 'AN OPEN DAY' below it in a smaller, brown font. A central text block describes the event as an exploration of science and technology programs. The date '26th NOVEMBER, 2024' is prominently displayed in red. The venue is listed as 'ST. FRANCIS COLLEGE FOR WOMEN, BEGUMPET, HYDERABAD.' Social media information for Instagram (@spectrum_sfc) is provided. On the right, contact details for Vania Karan, President, are listed. The poster is decorated with illustrations of students, a teacher, a school building, and graduation caps.

Vania Karan
President

Spectrum Club represented by the thirteen departments of Life Sciences and Physical Sciences, conducted its two days annual outreach program Glee on 25th November and 26th November.

Objective:

Providing an opportunity to school and intermediate students in a practical, interesting and illuminating way of learning through demonstration of scientific concepts via descriptive and live models.

Students get the opportunity to exhibit their models.

Outcomes:

- Students understood the importance of understanding the science behind every aspect of life with respect to biological processes, technology and real-life approaches depending on science and latest trends in research.
- The students exhibiting the models have gained experience in explaining science concepts confidently and have learnt team work.
