organizes a
Guest Lecture on
POLLEN STUDY FOR FORENSICS

30th June, 2025 **9:00 am to 10:30 am**
Botany Lab

For B.Sc. BZC and ANBC II year Students

The Department of Botany organized a guest lecture on the topic “**Pollen Study for Forensics**”. Around 36 students of II- year BZC and ANBC and 2 faculty members participated. The speaker for the event was **Dr. Allam Vijaya Bhasker Reddy, Assistant Professor, Department of Botany, Osmania University.**

Objectives

- To enable students to understand the field of forensic palynology and explore its applications in criminal investigations.
- To learn how pollen can serve as crucial evidence in crime-solving.
- To help students explore emerging and lesser-known areas of forensic science.

Outcomes

- Students gained an understanding of the fundamentals of forensic palynology and its application in crime investigations, supported by real-life case examples.
- The session sparked interest among students in pursuing careers or further research in the field of forensic science.
