BIOTECHNOLOGY

Objective:

- To ignite a spark of creativity and collaboration among students through an immersive 12-hour hackathon experience.
- To cultivate a competitive yet supportive atmosphere that encourages participants to push their boundaries in programming, problem-solving, and design.

Outcome:

- Participants unleashed their coding prowess, crafting ingenious solutions to real-world challenges within the adrenaline-fueled timeframe.
- Teams synergized their diverse skill sets, brainstorming, coding, and debugging with fervor to bring their ideas to life.
- Students emerged not only with polished prototypes but also with a sense of achievement, camaraderie, and a newfound passion for tackling complex problems head-on.
